

Sumner Academy and ParentsWeb

Our RenWeb School Management Software gives you, the busy parent, an opportunity to get more involved in your child's academic progress and future success!

RenWeb ParentsWeb is a private and secure website that has been set up to allow you to see complete information specific to your child. You can view your child's grades (Middle School only), attendance, homework and conduct, as well as other useful school information. You can also communicate with teachers and other school staff online whenever necessary. All you need is the internet.

Here's how to access our easy-to-use RenWeb ParentsWeb:

- **Go to the internet and type in the address www.renweb.com.**
- **Click on "Login" at the top right and choose "ParentsWeb Login".**
- **First Time Users:**
 1. **Click "Create New ParentsWeb Account" if you have not logged into RenWeb before.**
 2. **Type in SA-TN for your School ID and the email address that you provided to the school.**
 - **You will be emailed a link and instructions to follow within a few minutes. You will be able to create a username and password. Your username does not have to be your email address.**
 3. **Now go back to the ParentsWeb Login screen and enter the updated information (SA-TN, username, password).**
 4. **Click Login and begin using ParentsWeb.**

Please call the school office or contact DeAnna Ball at dball@sumneracademy.org if you have any problems or questions.

We look forward to your participation. Together, we can continue to improve our children's academic development as well as communication at school and at home.
