

## Art and Computer Camps Summer 2018

### Camp Information:

#### June 25-29

##### Mornings – 9-12 –

**Build and program LEGO robots!** When you meet an animal at the zoo, on a farm, or in your home, have you ever thought about whether that interaction helps you, the animal, or both? Our robots will move through a series of automation challenges designed to help our animal friends. Using LEGO Mindstorms EV3s robotic kits we will learn aspects of engineering, automation, problem-solving, and programming. LEGO robots remain at camp; pictures of robots and LEGO creations sent home after camp. Campers, Min 4, Max 12, **Rising 1<sup>st</sup> grade an up**

##### Afternoon – 12:30-3:30 –

**Minecraft fun!** Join us this summer as we explore, learn, problem solve, and create amazing and unique worlds together using the popular game Minecraft. Minecraft is a 3D simulation game in which players work on their own, or collaboratively, to discover resources and use them to craft and build a unique world. Campers are challenged with puzzles, quests, and games as they explore the ins and outs of Minecraft. **Rising K and up – beginning and intermediate players**

#### July 9-13

##### Mornings 9-12

**Art fun!** Join us for fun with a variety of arts and crafts projects including clay making, painting, jewelry making and fabric arts. Don't forget to bring a white cotton T-shirt or pillow case for the first day of Tie Dying! **Rising K-3<sup>rd</sup>**
